GET MOVING

WITH EYESIGHT TECHNOLOGY

DRIVEN BY EXPRESSION

XV

GET MOVING

EVERY DRIVE IS FUN WHEN YOU FEEL CONFIDENT AND SAFE.

Featuring a combination of stylish urban design and rugged good looks, and new levels of capability to get excited about, the Subaru XV is the inspiration to live the life you want. Whether it's a night out on the town or a spur-of-the-moment weekend getaway, the Subaru XV helps you do all the things you love, in style and in comfort. Every day can and should be a joyful adventure.

SUBARU CORE TECHNOLOGIES

Symmetrical All-Wheel Drive

Designed to distribute power to all four wheels, all the time. It offers surefooted stability even at high speeds or in bad weather, plus balance and traction on wet roads too.

Subaru Boxer Engine

The engine's flat design is inherently rigid and self-balancing, generating less vibration and better side-to-side stability.

Subaru Global Platform

Taking superior driving capabilities to a new level, the Subaru Global Platform delivers improved maneuverability, and reduced vibration and noise, plus the confidence to navigate all roads.

Award-Winning Subaru EyeSight Advanced Driver Assist Technology with 6 Functions

The Subaru EyeSight is our award-winning driver assist technology that gives you an extra pair of eyes on the road.

*EyeSight is a driving support system which may not operate optimally under all driving conditions.

Pre-Collision Braking & Throttle Management

Warns you with a buzzer and a flashing indicator on the dash. It brakes to reduce impact and possible collisions. Pre-Collision Throttle Management helps avoid frontal collisions.

Lane Departure and Sway Warning

Helps you stay alert with a buzzer and a flashing indicator. When you drift to the edge of your lane, it warns you before leaving the lane.

Adaptive Cruise Control & Lead Vehicle Start Alert

Adjusts your speed automatically to keep a set distance from the lead vehicle. Lead Vehicle Start Alert prompts you when traffic starts moving again.

ENHANCED FEATURES

01

02

03

04

05

06

01 LED Headlamps with Auto-Leveling

These auto-leveling bifunctional LED headlamps combine low and high beams and are steering-responsive, ensuring good visibility around turns at night.

02 Apple CarPlay^{*1} and Android Auto^{*2}

Use today's most popular apps with Apple CarPlay^{*1} and Android Auto^{*2}. Voice recognition capabilities allow hands-free use, keeping everybody safe while reducing distractions when you're on the road.

03 Rear View Camera

Conveniently manoeuvre the Subaru XV in tight city spaces with ease. When you shift into reverse gear, the camera displays a live colour image on the head unit display along with guidelines to assist you with parking.

04 SI-DRIVE

Based on your driving style, Subaru Intelligent Drive (SI-DRIVE) can adjust engine response to give you immediate power and agility when you crave it in nearly any scenario.

05 Seat Position Memory Switch

Two different drivers can save and recall their preferred settings for the seat and door mirrors at the touch of a door button.

06 Dual-function X-MODE

Tackle any terrain and enjoy the XV's true off-road driving potential with the newly evolved X-MODE, which further improves your driving confidence in all conditions.

LED Signal Mirror NEW!

JBL Audio Speaker with Subwoofer NEW!
